

BAG SEMINAR AND EVENING RECEPTION

WEDNESDAY 29 SEPTEMBER 2021

**The King George III
The Brewery
52 Chiswell Street
London
EC1Y 4SD**

The **British Aviation Group (BAG)** is the leading representative body for British companies involved in aviation and airport development and operations.

We provide world class expertise to meet the challenges of the global aviation industry, creating the airports of the future through the power of our network.

We are the first port of call for global clients to connect to the full spectrum of British aviation expertise delivering solutions for airports large and small.

We have had amazing success working in over 150 countries and at the 60 largest airports delivering value, efficiency, sustainability and resilience.

BAG has over two hundred members covering every stage of the project life cycle, from strategic advice at the outset of a project, through design, construction, specialist airport equipment and systems supply and the operation of completed facilities.

Thank you.

The British Aviation Group Annual Dinner has supported disabled flying since 2011. The funds have enabled a life-changing flight for someone with a disability, every single month since then. That's over 130 individuals that you have helped.

On their behalf, we thank you very much indeed. Here is what Neil, Armed Forces Veteran and Aerobility flyer says about his experience:

"There was a chance that I was never going to walk again... Then Aerobility took me from a very very dark corner that I was in, and when I was well enough, fit enough and frankly safe enough to come to Aerobility, I took a test flight... all of a sudden, I was 18 years old again. The years melted off, the injuries didn't exist, the pain went away. It's just magic, just absolute magic... Aerobility has got a wonderful way of changing people's lives for the better."

Just £10 a month will fund a similar experience flight. Visit www.Aerobility.com/donate to make a donation.

Registered Charity 1149629

PROGRAMME

17:00 Registration and networking

17:30 Welcome

Darrell Swanson

Swanson Aviation & BAG Board
Member

Dan Jones

Atkins & BAG Board Member

**17:40 Introduction to the Seminar Panel
Speakers**

Rohit Talwar

Global Futurist / CEO, Fast Future

Catherine Phillips

Innovation Architect, Heathrow
Airport

Gary Cutts

ISCF Future Flight Challenge
Director, UKRI

Jenny Ward

Deputy Director for Aviation
Strategy, Consumers and
Innovation, Department for
Transport (DfT)

Mike Miller-Smith

MBE FRAeS, Chief Executive,
Aerobility

18:15 Panel Session/ Q&A

18:50 Seminar Close

19:00 Evening Reception

**19:45 Evening Reception Speeches: BAG Chair
& Ministerial Speech**

21:30 Evening Reception Close

SEMINAR SPEAKERS

ROHIT TALWAR
Global Futurist / CEO
Fast Future

Rohit Talwar is a global futurist, award-winning keynote speaker, author, and the CEO of Fast Future. Rohit focuses on the future of aviation and travel and the opportunities created by next generation technologies and the emergence of the crypto economy.

His primary expertise lies in helping clients understand and shape the emerging future. Rohit is the co-author of *Designing Your Future*, lead editor and a contributing author for *The Future of Business*, *Beyond Genuine Stupidity—Ensuring AI Serves Humanity*, *The Future Reinvented—Reimagining Life, Society, and Business*, *A Very Human Future—Enriching Humanity in a Digitized World*, *Aftershocks and Opportunities—Scenarios for a Post-Pandemic Future*, and editor of *Technology vs. Humanity*.

His next book *Aftershocks and Opportunities 2* will be published on September 28th, 2021

CATHERINE PHILLIPS
Innovation Architect
Heathrow Airport

Before joining Heathrow, Catherine worked for the UK's largest responsible business non-profit and developed the thought leadership report - Brave New World on how to ensure an inclusive digital revolution. Here she also produced the popular podcast, 'The Lens', which hosted business leaders across the sphere of industry.

Catherine's current role as an Innovation Technologist at Heathrow focusses on solving current business challenges and anticipating emerging issues. Shaping future strategies around technology by horizon scanning and building a strong Innovation Ecosystem.

Over the past year Catherine has led work on COVID-19 testing. Influencing government, involving academic research, and trialling options within the airport which will have lasting impacts on the future of travel and the transport industry.

GARY CUTTS
ISCF Future Flight Challenge Director
UKRI

Gary has 30 years' experience in the Aviation industry, mainly working on complex engineering systems, but with experience in business development, customer consultancy and services creation. He has held many global engineering, executive leadership positions in Rolls-Royce working across the product lifecycle including creating the System Design function and leading the digital transformation of Engineering for the group. He has also been a board member at the Centre for Modelling and Simulation.

Gary is now leading the UK government's Future Flight innovation programme working across government and industry to create innovative new aviation systems. Gary's passion is to bring teams together to challenge the status quo and drive step changes in both the technology and business thinking to transform the aviation industry.

JENNY WARD

**Deputy Director for Aviation Strategy, Consumers
and Innovation
Department for Transport (DfT)**

This is forward looking and includes leading on Future of Flight and commercial spaceflight policies for the Department. She has a decade of experience in the civil service working with industry and other Governments to develop and deliver complex policies across energy, environment and transport. Prior to joining the civil service Jenny worked in technical consultancy and the private commercial sector.

MIKE MILLER-SMITH MBE FRAES
Chief Executive
Aerobility

Mike started his career training to be a Commercial Pilot. After becoming disabled in his 20s he subsequently entered the pharmaceutical and IT industries eventually becoming a General Manager having held Technical Manager and Marketing Director positions in global companies. Mike has always had a passion for flight and since early teenage years has been closely involved with aviation, and continues to fly achieving over 2500 hours in light aircraft and gliders. During this time he has held various executive committee positions for aviation and charitable organisations, has been a championship winning glider pilot and has a passion for introducing the thrill of flight to others.

He is now Chief Executive of Aerobility, a disability flying charity which believes that everybody should get the chance to see the world from the sky and experience the thrills and freedom provided by flying an aircraft, with over 600 disabled people flying the charities adapted aircraft every year. An innovator by nature, he has been responsible for creating and leading ground-breaking aviation projects such as the 2012 London Paralympic Games Opening Ceremony Flypast, three aviation and disability based Guinness World Records, developing access technology and equipment, and most recently 'Project Able' working to return former military training aircraft to flight for society and disabled persons benefit. Mike is an invited Fellow of the Royal Aeronautical Society, has been awarded an MBE, the Guild of Air Pilots and Navigators Sir Barnes Wallis Medal and an Air League Illuminated Scroll for his work supporting disabled aviation. Muscular Dystrophy is a progressive genetic neurological condition which means that Mike permanently uses an electric wheelchair and supporting technologies with which to work, drive and fly.

DAN JONES
UK Market Director for Aviation
Atkins

Dan is the Atkins UK market director for Aviation, accountable for the business performance, strategy and delivery of work with our UK airport clients and is a member of the Atkins global aviation leadership. He is also a board member of the British Aviation Group (BAG) having worked with airport clients for over 15 years. Dan has particular experience in organizational strategy, business change, Cyber, operational readiness, biometrics, automation of the passenger journey, common data environments and BIM, and IT infrastructure delivery.

DARRELL SWANSON
Director,
Swanson Aviation

Swanson Aviation Consultancy Ltd. focuses on mode choice demand modelling for Advanced Air Mobility and infrastructure requirements of electric aircraft (incl. electric fixed wing aircraft and eVTOL). Darrell has established himself as a subject matter expert regarding electric aviation and how it will lead to a future of distributed aviation. His knowledge encompasses electric aircraft infrastructure requirements as well as defining market opportunities for emerging electric Low Cost Carriers (eLCCs). He is an advisor to NASA's Transformative Vertical Flight programme groups 2 & 3, The North Texas Council of Governments NASA AAM programme, the Advance Air Mobility panel at ADS Group, the Community Air Mobility Initiative and is a board member of the British Aviation Group. Darrell has over 20 years' experience as an aviation consultant on airport master planning projects thru to airport acquisition advisory services.

EVENING RECEPTION SPEAKERS

JASON FOWLER
Chair
British Aviation Group

Jason is Chair of the British Aviation Group and has 33 years' experience in the development and construction industry with a particular focus on the aviation sector. He specialises in the procurement, design management, capital planning and construction delivery of complex environments such as airports, ensuring that capital budgets are put to best effect for business objectives.

He is a Partner in G&T's Major Projects & Programmes team and has been involved in delivery of the Independent Fund Surveyor services at Heathrow airport which involve review of activity on all key capital investment projects at the airport.

Jason is also a member of the Aviation Export Board, bringing industry and government together on development matters and is also an expert advisor to the Transport Services Trade Advisory Group for the Department for International Trade.

ROBERT COURTS MP
Aviation Minister

Robert Courts was first elected as the Member of Parliament for Witney and West Oxfordshire in October 2016. In September 2020, he was appointed Parliamentary Under Secretary of State in the Department for Transport, with responsibility for aviation, maritime and security.

He was previously Parliamentary Private Secretary (PPS) to the Secretary of State for Transport, having served as a PPS in the Foreign and Commonwealth Office from January to July 2018 and to the Secretary of State for Environment, Food and Rural Affairs from August 2019 until February 2020.

Robert served on the International Trade Select Committee before becoming a Minister, having previously been a member of the Transport, Justice and Backbench Business Committees.

A supporter of several groups in Parliament, Robert was Chair of the All Party Parliamentary Group (APPG) for Small and Micro-businesses and founded the APPG for Community Transport. He was also the Vice-Chair (RAF) of the APPG for the Armed Forces, the APPG for Aerospace, the APPG for Dementia, and the APPG for Cycling.

Before his election to Parliament, Robert was a self-employed barrister for some twelve years. His practice focused primarily on personal injury and clinical negligence. He also served as a District Councillor and is a graduate of the Royal College of Defence Studies and a member of the Air League Council. Robert lives with his wife, Kathryn, and two young children, Henry and Isabella, in Bladon.

Join the UK Pavilion at inter airport europe BAG Stand Sponsor Package 09 – 12 November 2021 Munich Trade Fair Centre, Germany

The British Aviation Group are excited to host for the first time the **UK Pavilion at inter airport Europe (9-12 November 2021)** and are offering members the chance to promote their company at one of the key shows in the aviation calendar.

Our sponsorship package includes many benefits and is an **affordable way to meet those all-important industry contacts**. This is a **great opportunity** to be **present at the show** without taking a full stand and has proven very popular at other big shows such as PTE. BAG is therefore looking at the option to offer a similar **sponsorship opportunity** – i.e. a logo and lounge package for inter airport Europe. An example of the lounge layout is shown below but this is subject to change depending on stand requirements

The UK Pavilion is in a prominent area in Hall 6 adjacent to one of the doors leading to the external exhibition area. This will be the 23rd edition of **inter airport europe, the world's leading airport exhibition**, which covers all areas of airport-related technology, equipment, and services, all in one place. As part of the TERMINAL segment, the show offers solutions and equipment for the construction and operation of terminal buildings, the architectural design, equipment, and planning stage of the airport. The DATA area covers airport IT systems, data management solutions as well as connected systems and IT processes to handle passengers, operations as well as air traffic. The RAMP segment covers ground handling, ground support equipment, runway constructions and installations.

The full Health & Safety concept from Messe Munich can be found [here](#) in relation to venue and Covid regulations should you wish to review.

Stand Package

- Logo on dedicated wall within the BAG UK Pavilion lounge (logos will be in alpha order)
- QR code for lead capture opportunities
- Inclusion in the official inter airport europe event guide
- Inclusion in the official inter airport europe online event guide/exhibitor list
- Support pre-show and during the show by a dedicated Event Manager
- Company profile entry in the UK Pavilion exhibitor brochure
- Access to catering and meeting table area on BAG stand

Stand Cost

BAG logo sponsorship	£1,048.00	
Digital Showroom Bronze package	£402.00	(mandatory organisers charge)
TOTAL	£1,450.00	(plus VAT)

Should this option be of interest to you please email [Claire Parsons](#).

EVENTS 2021 – 2022

- **BAG Members Day** - 21 October 2021 *Save the Date*
- **BAG UK Pavilion at Inter Airport Europe 2021** - 9-12 November 2021
- **Passenger Terminal Expo 2022- Save the date!** - 5-7 April 2022
- **5th British-Irish Airports EXPO – in strategic partnership with British Aviation Group** - 22 & 23 June 2022
